FATIMA
GHASSAN

Junior Architect

A B O U T M E

A dedicated Junior Architect aspiring to enhance Baghdad's urban context and integrate an authentic identity that honors local character. My design approach focuses on crafting warm, tactile spaces using natural materials, ensuring every project possesses a unique personality. Well-versed in software workflows and adept at troubleshooting unexpected challenges efficiently.

E X P E R I E N C E

Architecture Intern 2023_2024
[tijan Engineering Consulting Office]

- Completed a one-month observational internship, monitoring office workflows and design coordination.
- Participated in site visits (including Iraq Mall) to observe construction phases and project execution.

Graduation Project 2025_2026
Al-Alawi Central Transport Hub | Academic Project

- Independently designed and executed a comprehensive, large-scale multi-modal transit complex from initial floor plans and sections to final exterior and interior visualizations.
- Developed complete architectural documentation and spatial coordination, integrating an authentic identity inspired by the local urban context.

T R A I N I N G & C O U R S E S

Architectural Software Course 2022 – 2023

- Covered AutoCAD, 3ds Max, Lumion, V-Ray, and Photoshop, focusing on 3D modeling and rendering techniques.

D5 Render Course 2023 – 2024

- Mastered real-time rendering, advanced lighting, and material application for architectural visualization.
